NATIONAL REPUBLICAN TICKET.

For President:

RUTHERFORD B. HAYES,

OF OHIO.

For Vice President:

WILLIAM A. WHEELER.

OF NEW YORK.

GRAND HAYES AND WHEELER RALLY.

Come One, Come All.

There will be a meeting of the Republicans of Reno and vicinity at the Court House on next Tuesday evening, July 25th, 1876, at 8 o'clock, for the purpose of organizing a Hayes and Wheeler Club. All persons, without distinction of party or past party opinions, who are in favor of the election of Hayes and Wheeler to the respective offices of President and Vice President of the United States, and who are in favor of reform in every department of our Government—county, State and National; all who are in favor of free schools, free speech, a free press and a free government; all who are in favor of gold and silver as a circulating medium for the business of the country; all who are opposed to Chinese immigration and Chinese cheap labor, and in favor of well paid white labor, are most cordially invited to attend. To such we say Come, join the gathering hosts in favor of one constitution, one government, one flag, one capitol, one history, one Washington, one destiny and one country. Let our united voices be heard in thunder tones echoing and re echoing from valley to valley and from hill top to mountain peak, until the last feeble, lingering and discordant notes of a corrupt and disorganized Confederate Democracy shall be heard no longer from the Atlantic to the Pacific and from the lakes to the Gulf.

QUICKSILVER EXCITEMENT.—Reno is to be stripped of some of her laurels, for now a rumor comes from Spanish Belt District of the recent discovery of a quicksilver mine. The Belmont *Courier* says the find is situated between Barcelona City and the Mariposa mine, about 7 miles southwest from Belmont. There are however conflicting opinions as to the ore being cinnabar, though it is claimed that cinnabar experts have made assays and obtained large yields in quicksilver. The ore is of a reddish cast, but not as high a color as usual for that class of ore Anyway, for miles the country has been staked off, and great excitement prevails among the inhabitants of that district. As we go to press we understand the quicksilver excitement at Spanish Belt District remains unabated, and many as the boys out that way are estimating their wealth by millions.

THERE was considerable damage done in Six-mile Cañon by the rain-storm last Saturday. Sluice boxes and all such things were torn up in the most unceremonious manner and the fragments of tailings tables scattered for miles along the cañon. One man in a carriage, who saw the flood coming, unhooked and left his carriage right across the watercourse. It was carried along for about a mile, and at last struck an obstruction which entirely demolished it, breaking the whole thing into splinters.

THE TRIBUNE ON SENATOR SHARON—Referring to Senator Sharon's denial of the rumor of his intended resignation, the New York *Tribune* says: "If he cannot occupy his seat in the Senate oftener than he has during the past year, Nevada ought to put the idea into his head and back it up with some remarks so forcible that he would either make way for some one else or attend to his duties.

A LINE of telegraph is being built from Halleck Station on the railroad to the Military Post at Halleck. The line is being constructed by the soldiers of the Post, under the supervision of Lieutenant Garvey.

A Young Man From the Country Chloroformed and Robbed.

The San Francisco *Bulletin* publishes the following particulars of the adventures of a Susanville boy in that city:

A young man named Simon Greehn arrived in this city last week from Susanville, Lassen county, and made his headquarters at the Prescott House, corner of Kearney and Pacific streets. Having transacted his business and satiated himself with metropolitan sights, he concluded to return to his quiet home at the base of the Sierra. He paid his hotel bill on Tuesday evening with the expectation of departing the next day. Locking the door of his room he retired to his bed and slept soundly. Before retiring he placed his pantaloons, containing a check for $3,080, and another for $700, $100 in greenbacks, $60 in gold, $40 in gold notes and his watch and chain under his pillow. When he awoke in the morning he had a fearful headache and his eyes were strangely dim. He groped for his watch, but it was gone. A suspicion that something unpleasant had happened came over him, and arousing his dull faculties, he took a survey of the surroundings The first familiar object which met his bewildered gaze was his pantaloons lying on the floor in the center of the room. Jumping from the bed he thrust his hands into the pockets and found them empty. The key of his door-lock was also lying on the floor, as if it had fallen from its accustomed place. With a sad heart and tearful eyes he donned his clothing, and reported the facts of the case to the Police Office. Acting under advice of the police, he stopped payment of the checks, and published a notice that they had been stolen. The victim is of the opinion that he was chloroformed, but the hotel clerk and barkeeper say that he left the hotel after he first went to his room, and was sometime absent. This assertion Greehn denies.

SURPLUS OF LABORERS.—Virginia City is not the only place in the State where there is a surplus of laborers. The Eureka *Sentinel* gives the subjoined as the condition of affairs in its section:

Notwithstanding the fact that most of the mining companies in this district are working a reduced number of hands, and that there has been during the entire season a supply of all kinds of labor greatly in excess of the demand, there still continues quite an influx of miners and other laborers into the district. There are probably in this vicinity at least three hundred idle men who, although perfectly willing to labor, are utterly unable to obtain work; and the number appears to be steadily increasing every week. We have frequently warned the laboring men that the chances of obtaining work here are as poor as in almost any camp in the State, and we hope no more persons will come here looking for employment until there is a demand for a greater amount of labor than at present; which demand the present prospect indicates will be materially lessened before it is increased.

DEATH FROM ABORTION.—The inquest in the case of of Lydia F. Barnum, of Winnemucca, who died at the Brooklyn Hotel, San Francisco, on the 15th instant, was concluded last Saturday. The Coroner prosecuted the investigation pretty thoroughly, on account of the presence of positive evidence of crime, but, beyond establishing the certain fact of ante-natal infanticide as the cause of death, the inquest has arrived at nothing. What other persons besides the deceased were concerned in the crime, is unknown. The medical and circumstantial proofs of the cause of death were complete. Four days after the death a telegram was received from J. O. Ivory, a School Director at Winnemucca, inquiring minutely about the woman, and a second telegram from him, received the next day, stated who she was. Further explanations from Mr. Ivory are now in order

DURING the rain-storm last Saturday afternoon they had lively times at the Imperial works in order to keep the water out of the shaft. A perfect torrent of water poured into the building, and after all was over the floors were found to be covered to the depth of several inches with mud and gravel. Quite an amount of water found its way down the shaft in spite of the most determined exertions of the workmen.

REPUBLICAN STATE CONVENTION.—The Republican State Convention for the State of Nevada will be held on the 24th of August in Carson City, at which time and place the usual matters will be considered and the usual business transacted.

TELEGRAPHIC NEWS.

WESTERN DISPATCHES.

San Francisco News.

SAN FRANCISCO, July 24.

The American Exchange Hotel property on the northwest corner of Sansome and Halleck streets, has been sold for one hundred thousand dollars.

The management of the Knickerbocker Mining Company in reply to statements made by J. L. Crittenden at the meeting of the dissatisfied stockholders on Thursday evening, stated that there is not a mine on the Comstock which has been in existence for any time and possesses hoisting works, that has not gone to greater expense than the figures used to express the amount expended on the Knickerbocker management. It is shown by figures that there has been an expenditure of over $200,000 more than what Crittenden says has been expended. The statement does not include powder, lumber, mining supplies, insurance, and the labor account of the carpenters, engineers, blacksmiths, and other necessary help, will swell the aggregate above $300,000.

Enthusiastic Meeting.

SANTA ROSA, July 24.

The Republicans held an enthusiastic meeting on Saturday evening. Gov. Woods addressed the meeting.

MINING NOTES.

The Belcher mine is turning out 350 tons ore daily, and the Ophir mine 280 tons daily.

The daily yield of the California mine is 700 tons of ore, keeping all the mills actively employed.

The annual meeting of the Monitor Belmont, for the election of Trustees, takes place in San Francisco on the 2nd day of August next.

A meeting of stockholders in the Trojan Mining Company is to be held at their office in San Francisco on the 5th of August next, for the purpose of making a change in the directory of the company.

The Meadow Valley Mining Company have levied an assessment of 75c per share, amounting to $45,000, delinquent August 29th. Shares in this mine were sold last Saturday at 75c apiece. The mine is therefore assessed for all it is worth in the estimation of the public.

The work of sinking the shaft to the 1,550-foot level greatly interferes with the extraction of ore from the Consolidated Virginia mine, and several days must elapse before this work is completed. In the meantime the opportunity is embraced to advance all the prospecting drifts where work had been stopped; so when ore raising is fully resumed, the mine will be in a condition to yield more bountifully than ever.

BETTING ON ELECTIONS.—Some people seem not to have the fact definitely fixed in their minds that there is a law in this State against betting on the result of elections. We refer them to the following statute:

SECTION 22. Every person who makes, offers or accepts any wager or bet upon the result of any election, or upon the success or failure of any person or candidate, or upon the number of votes to be cast, either in the aggregate or for any particular candidate, or upon the vote to be cast by any person, is guilty of a misdemeanor.

MURDER OR SUICIDE?—Last Saturday the section boss at Tamarack was run over and killed by a passing ten train. He was tied to the track with a rope. The engineer saw him, but not soon enough to stop the train. The man was killed instantly and badly mutilated. The rope with which he was tied was cut in several pieces. It is not known whether it is a murder or a suicide, but the prevailing opinion is that it was the latter. His name was Sylvester Pittman, and is well known in Truckee, having been night yardmaster there.

Last Saturday, at Virginia, James Harrington shot and instantly killed John Sullivan. The Sheriff took his prisoner to Carson for safety, as the talk of lynching him was very great. This is the fifth murder he has committed.

JOURNAL OFFICE.

The office of this paper is now in the new two-story brick JOURNAL building on Second, between Virginia and Sierra Streets.

DELONG'S EXAMINATION.—Yesterday morning at 10 o'clock, George DeLong, the man who killed Samuel Miller at the Junction House, nine miles north of Reno, on the evening of the 15th, was taken before Justice Gibson for examination. District Attorney Cain appeared for the State and W. L Knox for defendant.

DeLong is a young man, aged about 22 years, medium hight, slight build, dark complected, black hair, chin whiskers and moustache. He deserted from Fort Bidwell some two years ago. At this place he went by the name of George Lang At his trial he appeared quite unconcerned about the trial, looking on much as a disinterested spectator would. The examination lasted until 4 o'clock. He was remanded to jail to await the action of the Grand Jury on a charge of murder.

MONARCH MINE.—Dr. Bishop informed us yesterday that he thought he had struck the ledge matter in the tunnel he has been driving on the Monarch. He has found that blood-red rock which lays beside the ledge at the surface. He has penetrated this and the ledge matter a distance of six or seven feet, but with no indication of reaching the limits. But it is not in rich rock yet, for the present rock only mills about $11 per ton He expects to find the richer rock a little further on. The tunnel is in about 125 feet, with a perpendicular depth of 100 feet.

A VERY heavy thunder storm was raging east of us last night. To judge from the frequency and magnitude of the lightning and blackness of the clouds it must have exceeded our storm of Saturday.

PAY UP.—Bishop Whitaker desires all who subscribed to the seminary fund to pay up right away, at Bender's bank. The money is needed.

A HAUL OF BOOTS.—Fourteen cases of boots, valued at about $800, shipped from San Francisco on the 13th of the present month to T. Petanelli, a contractor, chopping wood for Mackay & Fair in the mountains, disappeared when they reached Reno. Yesterday, officers Gribble and Carby received some information which led them to proceed on a search-warrant, to a house on N street, between Union and Taylor streets, Virginia. The place was occupied by some Italians. The Gold Hill *News* says thirteen of the cases were found and taken to Judge Cox's Court, where they now lie. The officers had no warrants for the arrest of the parties, and contented themselves by ordering them to appear in Court this afternoon. Petanelli ordered the boots to supply his workmen.

SMOKE CREEK RANCH FOR SALE.—This ranch is situated on the California and Nevada State line, lying mostly in Roop county, Nevada, and is about forty-five miles east of Susanville, Cal. It contains 2420 acres of land, mostly natural meadow. It is well watered, has an extensive range surrounding it, and is capable of sustaining a large herd of cattle or other stock Sheep do well in that vicinity. It is also suitable for dairying purposes. The soil is good, and produces good grain and other crops. The place can easily be made to cut 1000 tons of hay yearly. Title perfect. The place, with buildings and improvements, farming implements, etc., will be sold on favorable terms, one-half of the purchase money to be paid down. For further particulars address A. J. Hatch, Reno.

WRITING SCHOOL.—The first term of Prof. Buck's writing school closed last evening. Many of the scholars have made wonderful improvement. Six prizes were awarded last evening. The first for best penmanship was received by Ella McNeely, in the ladies' class and Abey Barnett, in the gents. The first prize for best improvement was awarded to Mrs. H. M. Sheets and C. A. Barnes, respectively. And the second for best improvement to Carrie M. McNeely and Frank Pollard. The Professor's second term will commence to day.

FLYNN, who made an assault on Frank LaPoint the other night, is under arrest in Virginia, awaiting instructions from the officers here. He was first seen, after the assault, last Sunday afternoon walking up the Geiger grade. The officers here were notified, and immediately telegraphed to have him arrested. A number of people were waiting for the lightning train last night, expecting to see him, but he was not on board.

HARMONY.—The library meeting last night was attended by about thirty members All who spoke at all were in favor of closing the doors in accordance with the previous resolution. Not an opposition note was sounded. We may now expect soon —possibly to-day—to see the doors close to all but those who have keys. We are very sorry indeed that this step has to be taken, for we fear it will be suicidal.

CLOUD BURST.—A cloud burst occurred Sunday near Osino, on the Humboldt Division. It washed away a large piece of track. A freight train, consisting of an engine and twenty cars is badly ditched at that point. No train was able to pass for several hours. No 2 will arrive here some time this morning. No one was hurt by the washout.

MINSTRELS.—The Alabama Minstrels give a performance at the Opera House to-morrow evening. We have no doubt but these incomparable colored warblers will give a treat. Reserved seats can be secured at Sunderland's.

THE examination of Mrs. Olivia Miller, charged with being an accessory to the killing of her husband on the 15th, will come up before the Justice this morning at 10 o'clock. Wm. Webster for defendant.

THE bids for building additional stables stall at the Fair grounds were yesterday opened by the Trustees, and the contract awarded to M. Richardson at $360. There were nine bids in, the highest being $790.

THOSE who desire to apply for certificates to teach are notified to present themselves before the Board of Examiners on the 18th and 19th of August.

TICKET sales at the Central Pacific office here last Sunday amounted to $1100. Travel is picking up again.

THE delinquent list of the Cleopatra appears elsewhere.

DON'T READ THIS!—If you do you will find that you can buy building lots better and in higher state of cultivation than any found in Reno, by calling on Stephen Conner, at the Nursery. jy23

REMOVAL—Grey & Isaacs have removed to their magnificent new store next door to Beck & Co., and opposite their old stand, where they will be pleased to wait upon all friends as formerly. *

PIONEER BARBER SHOP.—Messrs. Enkle & Morris are still at the old stand. Three first-class artistes can always be found on hand, who are second to none on the Pacific coast There is nothing so luxurious on a warm Summer day, than to sit under the manipulations of one of these artists. If you are troubled with dandruff, have a headache, or a fit of blues, an application of our justly celebrated "Tonic Magniff" will remove the same as if by magic. Ladies and children wishing anything in the line of hair cutting and shampooing can be waited upon at their residence by Prof. Morris, who is no novice in the business. Hair restoratives, hair oils, bay rum and everything appertaining to the business always on hand. Give us a trial.

MISCELLANEOUS.

HAS RETURNED!

DR. SPINNEY & CO.,

Would most respectfully announce to the afflicted that they have reopened a Branch Office

Cor. Union and C Streets,
(Opp. International Hotel)

VIRGINIA CITY, NEVADA.

Where they still continue to treat Chronic and Private Diseases with unparalleled success.

LADIES AND GENTLEMEN

Remember, that procrastination is the thief of time. If you are ill,

COME AND BE HEALED!

IT MATTERS NOT what your troubles may be come and let the Doctors examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether they understand your case. If curable they will tell you so: if not, they will tell you that, for they will not undertake a case unless confident of effecting a cure.

YOUNG MEN!

Why may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR S. & CO. will guarantee to forfeit five hundred dollars for every case of seminal weakness or private diseases of any kind or character which they undertake and fail to cure. They would therefore say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering on the last, and are suffering some of the evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physician can render you no assistance, when the door of hope will be closed against you, when no angel of mercy can bring you relief. In no case have they failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of their treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

MIDDLE-AGED MEN!

There are many of the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear; or the color will be of a thin and milky hue, again changing to a dark and torpid appearance. There are many men who die of this disease, ignorant of the cause, which is the second stage of seminal weakness. Drs. S. & Co. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito urinary organs.

DR SPINNEY is well known as founder of the Montreal (C. E.) Medical Institute, and late proprietor of the Spinneyville Infirmary.

DR. H. J. SPEER

Now associated with Dr. Spinney, is a regular graduate of Harvard College and having had a large experience in hospital and special practice, is now one of the most competent physicians in America for the treatment of Chronic and Special Diseases.

Office Hours—9 to 5 and 6 to 9. Sundays from 9 to 11 A. M. only. Consultation Free. Thorough examination and advice, $5.
